01 ABOUT ME

Site technician with 4 years of experience supporting building and civil-works projects from foundations to handover. Carries out setting-out and surveys, quality inspections, snagging, progress reports and health-and-safety checks, and coordinates subcontractors on projects up to €18M. Skilled with total stations, AutoCAD and BIM viewers, and fluent in French and English. Seeking a site technician role with a European contractor.

02 WORK EXPERIENCE

Site Technician (Technicienne de chantier)

02/2024 – Present

Rhône Bâtiment & Travaux S.A., Lyon, France · Business or sector: building construction (residential & offices)

- Support the site manager on a **€18M mixed-use development** (3 buildings, 140 units): daily progress logs, look-ahead plans and subcontractor coordination.
- Set out grids, levels and openings with a total station; reduced as-built deviations to **under 5 mm**.
- Run quality inspections and snagging; closed **96% of defect items** before handover and reduced rework by 15%.
- Check compliance with H&S plans (PPSPS, Directive 92/57/EEC); lead weekly toolbox talks with **zero lost-time incidents** in 2025.
- Manage drawings and revisions in BIM 360 and track concrete pours, test cubes and delivery records.

Junior Site Technician

09/2022 – 01/2024

Grand Lyon Travaux Publics, Villeurbanne, France · Business or sector: civil works and utilities

- Assisted on road, drainage and utility trench works: surveying, quantity checks and compaction-test records on **4 municipal projects**.
- Prepared weekly measurement statements and photos for client invoicing; cut disputed quantities by 20%.
- Updated as-built drawings in AutoCAD and managed site document control.

03 EDUCATION AND TRAINING

BTS Bâtiment (Building Technician)

Lycée La Martinière Monplaisir, Lyon · 2020 – 2022 · EQF level 5

Construction technology, materials, site organisation, costing and drawings.
