PROFESSIONAL SUMMARY

Physiotherapist with 3.5 years of experience in public hospital and community settings, including acute inpatient, rehabilitation and outpatient care. Skilled in assessment, evidence-based treatment, discharge planning and interdisciplinary teamwork. Committed to functional recovery, patient education and safe, person-centred practice. AHPRA registered with the Physiotherapy Board of Australia. Right to work in Australia; Blue Card current.

CLINICAL EXPERIENCE

Physiotherapist, HP3 (Rehabilitation) Feb 2025 – Present
Metro South Health, Brisbane QLD

- Assess and treat inpatients and outpatients after stroke, orthopaedic surgery and trauma, using evidence-based rehabilitation.
- Develop individual goals and exercise programs, achieving functional improvement in 85% of patients.
- Lead interdisciplinary case conferences with nursing, OT and medical teams.
- Plan safe discharge and educate patients and carers on home programs.
- Supervise physiotherapy students and support junior staff.

Physiotherapist, HP2 (Acute Inpatients) Sep 2023 – Jan 2025
Metro North Health, Brisbane QLD

- Provided respiratory, mobility and post-operative physiotherapy to 8–10 patients per day.
- Reduced length of stay on the ward with early mobilisation practices.
- Completed electronic clinical documentation to service standards.
- Worked weekend and on-call roster.

Graduate Physiotherapist (HP2) Mar 2023 – Aug 2023
Gold Coast Health, Queensland

- Completed rotations in acute, outpatient and rehabilitation services under supervision.
- Delivered 30-minute assessments and treatment plans with strong supervisor feedback.
