Licensed Building Practitioner – Carpentry · Residential Builder

## LBP – Carpentry

Licensed Building Practitioner

## Level 4 Carpentry

NZ Certificate (Building, Construction)

## 3.5 yrs

new builds & alterations

## PROFILE

Licensed Building Practitioner with 3.5 years' experience in residential new builds, alterations and light commercial fit-outs in New Zealand's Central Otago region. Experienced in framing to NZS 3604, cladding, interior linings, decks and finishing carpentry, working to the New Zealand Building Code and consented plans. Dependable team leader known for quality workmanship, tidy sites and strong health and safety practice.

## EXPERIENCE

### Builder / Site Foreman

Jan 2025 – Present

Wakatipu Builders Ltd, Queenstown

- Lead a crew of 4–6 on residential new builds (\$800k–\$2.2M), from foundations and framing to roofing, cladding and interior fit-out.
- Build to NZS 3604 timber framing standards and Building Code clauses (B1, E2, H1); coordinate Council inspections and records of work (ROW) for LBP-restricted building work.
- Read plans and specifications, set out, and order materials; reduced material waste by 12% through accurate take-offs.
- Manage site safety plans, SiteSafe checks and subcontractor coordination under HSWA 2015; zero lost-time injuries on 6 projects.
- Train and mentor 2 apprentices and review their quality of work.

### Carpenter

Feb 2022 – Dec 2024

Wakatipu Builders Ltd, Queenstown

- Completed framing, decking, weatherboard and plasterboard fixing on 14 new homes and 20+ alterations; earned LBP Carpentry licence in 2024.
- Built kitchens, stairs and joinery to a high standard, passing every Council final inspection first time.
