

Dr Daniel Kapoor

General Practitioner | FRNZCGP | Vocational Scope – General Practice

021 555 0163 daniel.kapoor@email.com Albany, Auckland NZ Resident – full work rights

PROFESSIONAL PROFILE

Patient-centred General Practitioner with 3.5 years' experience in New Zealand primary care, following two years of hospital training in Te Whatu Ora. Experienced in managing long-term conditions, acute presentations, women's and child health, mental health and minor procedures for a diverse enrolled population. Committed to equity, Te Tiriti-responsive care and high-quality, efficient consultations within a collaborative PHO and practice team.

CLINICAL EXPERIENCE

General Practitioner

Mar 2023 – Present

Kauri Family Medical (PHO-enrolled practice), Auckland

- Manage a panel of ~1,300 enrolled patients across all ages, with 20–24 consultations per day in a team-based practice.
- Lead care for diabetes, hypertension, cardiovascular risk (PREDICT), asthma/COPD, gout and chronic kidney disease using NZ guidelines and Pharmac-subsidised prescribing.
- Provide urgent and same-day care, ACC injury assessment and claims, certificates, and referrals to secondary care.
- Perform skin lesion excisions, dermoscopy, joint injections, IUCD insertion and cervical screening (HPV self-test pathway).
- Deliver mental health brief interventions and collaborate with the practice's Health Improvement Practitioner and Health Coach.
- Supervise medical students and provide peer support in the practice's clinical audit programme.

Senior Resident Medical Officer (Emergency & General Medicine)

Jan 2021 – Feb 2023

Te Whatu Ora – Health New Zealand, Waitematā

- Rotated through emergency, general medicine, paediatrics and psychiatry; managed acute presentations and inpatient care.
- Completed GPEP-aligned learning and community attachments leading to entry into the RNZCGP training programme.
