WORK EXPERIENCE

Journeyperson Plumber

June 2026 – Present

[Plumbing & Mechanical Company] – Burnaby, BC

- Install DWV, domestic water and gas piping for multi-family residential and light commercial projects; coordinate with site supervisors and inspectors.
- Complete service and repair calls (leaks, water heaters, fixtures, drain clearing), averaging 6–8 service calls per day with a 4.8 / 5 customer rating.
- Pass municipal plumbing inspections on first visit on 95% of jobs; mentor 2 apprentices on layout and soldering.

Plumber Apprentice (3rd–4th Period)

September 2024 – May 2026

[Plumbing & Mechanical Company] – Burnaby, BC

- Roughed-in and finished plumbing for 3 townhouse developments (120 units); installed gas lines, water heaters and hydronic boilers under journeyperson supervision.
- Pressure-tested systems and supported backflow device testing for commercial clients.

Plumber Apprentice (1st–2nd Period)

September 2022 – August 2024

[Plumbing & Mechanical Company] – Burnaby, BC

- Supported residential renovation and new-build installs; completed 9,000+ apprenticeship hours with zero lost-time incidents.
